T R A D E

A SPECIALIST SERVICE FOR THE TRADE

# DESIGN911 TRADE: FROM DESIGN911

**KARL CHOPRA** created DESIGN911 in 1995.

A true Porsche enthusiast with a sense for sourcing hard-to-get parts – from simple brackets to body panels – he turned a hobby of rebuilding, restoring and customising Porsches into a highly successful business offering customers a full range of OEM and aftermarket parts for general servicing and re-build as well as restoration and tuning for the European and world-wide markets.

Now, specifically for the motor trade, Karl has created DESIGN911 TRADE.

# WELCOME TO DESIGN911 TRADE

**FIRMLY** established as a market leader, DESIGN911 has supplied private owners and specialist Porsche workshops (plus more than a handful of main dealers who appreciate our service) but we recognise the trade customer may require an extra special level of service, the highest level of availability, a flexible pricing structure, and the fastest possible delivery. For that reason we conceived DESIGN911 TRADE.

DESIGN911 TRADE aims to make the connection between the customer and the right part seamless. A dedicated trade link, telephone or internet, allows the customer to talk with someone who really understands what's required. The DESIGN911 TRADE system takes the hassle out of things, with next day free-of-charge delivery throughout the UK, a no-quibble warranty and an easy to set up credit system.

We claim to be the company that can supply 'every part for every Porsche' and work hard to achieve our objective. Indeed, if an item is not available from any supplier or no longer in manufacture, we'll look at ways to make it ourselves. We are the most complete Porsche parts organisation.

DESIGN911 TRADE is backed by over two decades of DESIGN911's experience of the world's most popular sports car. Our task is to identify a customer's needs, offer alternatives – OEM or aftermarket – when requested and supply them in the shortest possible time. We are aware that down-time on a project can be both annoying and costly.

Our mission is to forge a partnership with the trade customer to achieve the 'ultimate Porsche experience.'

# THE MOST SIGNIFICANT NAMES

**RECOGNITION** does not come easy. We are proud to have earned our place amongst the top names in the exciting world of Porsche cars. Working to be the best in the highly competitive and critical world of sourcing and supplying replacement and specialist parts to trade customers, the team behind DESIGN911 TRADE has developed close working relationships with the biggest and most significant names in the business. The majority of the most respected names in everything that is Porsche are represented on the shelves of our warehouse.

Our performance and reputation has gained us sole representation rights to market and distribute the products of many of these companies. A position we hold with respect.
